## SKILL

- Presentation
- Optimize source code
- ReactJS, HTML5, CSS, HTML5, CSS3, JavaScript, RestAPI, Git.
- Nodejs, React-Native, C++
- Logical thinking, eager to learn
- Self-study and improve

## CERTIFICATE

### 2022

- Basic Front-End by CrossTech
- Certificate of participation in scientific research from Thu Dau Mot University

### 2023

- Basic Algorithms by Codelearn
- Html certificate from TopCV and Testcenter

## CAREER GOALS

- Goal: strive to become a Full-Stack Developer by learning to improve knowledge and develop yourself every day. I am willing to explore and learn new knowledge.

## WORK EXPERIENCE

1/8/2023 - Present

**MINDX SCHOOL OF TECHNOLOGY** | Keedtean block lecturer

- Educated students ranging from grades 1 to 9 on Robotic, Scratch and GameMaker.
- Implemented teaching and classroom management methodologies provided by the institution to foster optimal and efficient learning environments for students.

8/5/2024-8/6/2024

**Cty TNHH Công nghệ số Việt Trí Đạo**

**Software Engineer**

- Teamwork with the daily scrum process
- Developed websites for an real estate project using JavaScript, ReactJS, HTML, CSS.
- Skilled in building dynamic user interfaces with a focus on forms and data tables using React and its ecosystem.
- Collaborated with cross-functional teams to clarify requirements and ensure timely project milestone delivery.

## EDUCATION

2020 - Present

**THU DAU MOT UNIVERSITY** | Information technology

- **GPA** : 7.8/10
- Participated in scientific research of Thu Dau Mot University in the year 2021-2023.
- Participated in the 7th student programming competition organized by Thu Dau Mot University in 2021-2022.
- Participated in the 8th student programming competition organized by Thu Dau Mot University in 2022-2023.
- Participated in the 29th Vietnamese Student Informatics Olympiad.
- Participated in the international programming exam ICPC ASIA CAN THO 2020.
- Solve nearly 800 code problems on the codeforces platform

## HONORS AND AWARDS

2017-2020

- Consolation prize for the 2018/2019/2020 Youth Informatics Olympiad

2020

- Consolation prize for the 29th Vietnamese Student Informatics Olympiad

2021

- Second prize in the 7th student programming contest of Thu Dau Mot University

2022

- Third prize in the 8th student programming competition of Thu Dau Mot University

## PROJECT

**PORTFOLIO WEBSITE( 2/2024 - 3/2024 )**

**Number of members:** 3

**Role:** Leader

**Overview:** Build a website to introduce yourself including items such as

- Personal information
- The achievements I have achieved

- Projects I've done using ReactJS

**Demo link:** <https://youtu.be/f3ERx2X6SIs>

**Technology:** Javascript, ReactJS

**E-COMMERCE APPLICATIONS ( 6/2023 - 8/2023 )**

**Number of members:** 5

**Role:** Leader

**Overview:** Build API, design database, analyze system design

**Framework:** nodeJS, expressJS, react-native, mongodb
